

***Earn a certificate  
from college before  
leaving high school  
and...***

**IT'S FREE!**

**WE ARE READY TO HELP YOU GAIN  
SKILLS FOR A LIFETIME!**

Our Industrial Maintenance Technician (IMT) Program is looking for a small group of select students who have an aptitude for hands-on electrical or mechanical work and thrive in a team environment.

If that sounds like you, NOW is your chance to **gain invaluable real-life work experience** and develop a relationship that could grow into a full-time position upon graduation or an introduction for pursuing a college degree.

# **INDUSTRIAL MAINTENANCE TECHNICIAN PROGRAM**

*The area's top industries are seeking the next generation employee to operate their cutting-edge manufacturing plants. They are committed to providing a challenging and rewarding opportunity for high school students interested in gaining skills for a lifetime.*

The **INDUSTRIAL MAINTENANCE TECHNICIAN PROGRAM** is a career development

program providing an inside track to a career in industry for a select group of students. This established program was developed to emphasize how technology-related careers have evolved from what were previously perceived as “Blue Collar” jobs to what have now become high-technology careers for those who have the aptitude and drive to be successful in such an environment.

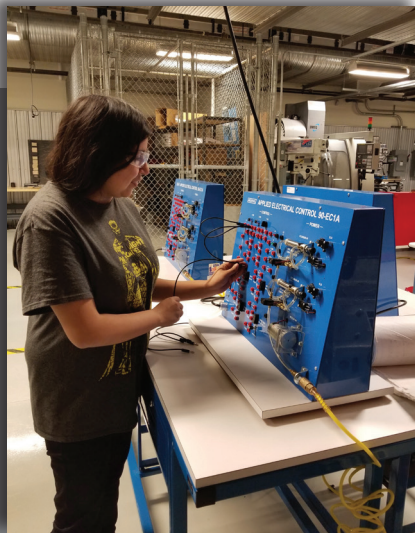

This exciting program is an industry-driven partnership between the local industries, Sherman Independent School District, Grayson College, and the Sherman Economic Development Corporation.

**The Industrial Maintenance Technician Program provides:**

- A **\$4,000 scholarship** covering books and tuition for one school year, allowing you to earn a **Certificate in Industrial Maintenance Technician Level 1** from Grayson College.
- An **internship at a local industry** alongside an assigned dedicated, experienced mentor.
- A career test drive that could grow into a full-time position with a local industry upon graduation.
- A chance for you to gain the skills for lifelong employment.
- A pathway to a career you can be proud of.

**TO APPLY, YOU MUST:**

- Be enrolled in SISD and at least 17 years old by start of 12th grade
- Be in good standing at SISD
  - 90% attendance
  - No discipline issues
  - No credit deficiencies
- Successfully complete an industry-required assessment
- Pass drug screening and remain drug-free
- Complete and submit the application

**IF ACCEPTED, YOU WILL BE REQUIRED TO:**

- Attend classes on time and study hard
- Complete assignments and pass tests
- Be at the work-site on time and ready to do your assigned job
- Provide your own transportation to and from the work-site and Grayson College
- Maintain good standing at SISD
